**ASSESSMENT/EVALATION REPORT UGC MRP**

A	DETAILS OF PROJECT	
	Title of the Project	Human Skin Segmentation In Color Images Using Mixed Statistical Models In Identifying The Criminals And Terrorists
	Total Duration of the Project	01.07.2012 To 30.06.2015
	Project Status	Completed
	Subject	Computer Science and Engineering
	File Number: UGC Reference Number and Date	F.No. 41-628/2012(SR) 16-07-2012
	Grant Approved	Rs. 12,26,100
B	EVALUATION REPORT OF EXPERT MEMBER	
1.	Name of Principal Investigator	Dr. S. RAVI
2.	Designation	Associate Professor
3.	Address with Email and Mobile Number I	Department of Computer Science, School of Engineering and Technology,  Pondicherry University, Pondicherry - 605014
4.	Whether is focussed on the title of the project	Yes
5.	Whether the original work is done	Yes
6.	Whether significant contribution done by the Principal Investigator	Yes
7.	Whether the proposed work have relevance to the society/scientific community	Yes
8.	What type of the contribution found in the final report Theoretical/Practical. If there are theoretical contributions given by the principal investigator, whether real applications are given	Facial analysis, Gesture analysis, Video surveillance, Human-machine interface, Face tracking and their application in societal implications like authentication etc.
9.	What the Theoretical contributions and their results and findings are published	Automatic skin detection, realtime computer vision applications such as face detection, face tracking, face recognition etc.
10.	Whether results and findings are significant	Yes
11.	Whether significant publications are made by the	Yes
